QUESTION 2

A company needs to improve their hiring process and hired a BPM analyst to map the current state. During the process discovery session, the team identifies that the process steps to review the "hiring" request is the same as the process steps to review a "promotion/pay rise" request. What should the BPM analyst use to map the activities needed for the review of the "hiring" request in Blueworks Live?

A. a sub-process

B. a different color

C. a linked process

D. a separate milestone

Correct Answer: C

QUESTION 3

A BPM analyst is modeling the process for acquiring membership at a club. The analyst interviewed the front office supervisor, who provided the following description of the first activity "Enter Application": "One of our receptionists receives a paper application from the potential client, an applicant. The receptionist first looks up the client\\'s name and address to see if it exists in our system, then enters the information from the paper application into the system, and assigns a membership number to the application. When the application entry is complete, the receptionist sends it to the manager for an initial review." The BPM analyst has created the discovery map in Blueworks Live and now needs to enter information from the above description into the Details fields for the activity "Enter Application". For the activity "Enter Application", what are the Inputs and Outputs?

A. Inputs: Membership Number Outputs: Application Membership Number

B. Inputs: Membership Number Outputs: Application Membership Number

C. Inputs: Membership Number Outputs: Application Membership Number Name Address

D. Inputs: Application Membership Number Name Address Outputs: Application Membership Number Name Address
