QUESTION 1

One of your remote Security Gateway's suddenly stops sending logs, and you cannot install the Security Policy on the Gateway. All other remote Security Gateways are logging normally to the Security Management Server, and Policy installation is not affected. When you click the Test SIC status button in the problematic Gateway object you receive an error message. What is the problem?

- A. There is no connection between the Security Management Server and the remote Gateway. Rules or routing may block the connection.
- B. The remote Gateway's IP address has changed, which invalidates the SIC Certificate.
- C. The time on the Security Management Server's clock has changed, which invalidates the remote Gateway's Certificate.
- D. The Internal Certificate Authority for the Security Management Server object has been removed from objects_5_0.C.

Correct Answer: A

QUESTION 2

What must a Security Administrator do to comply with a management requirement to log all traffic accepted through the perimeter Security gateway?

- A. Install the View Implicit Rules package using SmartUpdate
- B. Define two log serves on the R75 Gateway object Enable Log Implied Rules on the first log server. Enable Log Rule Base on the second log server. Use SmartReporter to merge the two log server records into the same database for HIPPA log audits.
- C. In Global Properties > Reporting Tools check the box Enable tracking all rules (including rules marked as None in the Track column). Send these logs to a secondary log server for a complete logging history. Use your normal log server for standard logging for troubleshooting.
- D. Check the Log Implied Rules Globally box on the R75 Gateway object.

Correct Answer: C

QUESTION 3

Which type of resource could a Security Administrator use to control access to specific file shares on target machines?

- A. URI
- B. CIFS
- C. Telnet
- D. FTP

Correct Answer: B

QUESTION 4

Which rule is responsible for the installation failure?

- A. Rule 4
- B. Rule 3
- C. Rule 5
- D. Rule 6

Correct Answer: A

QUESTION 5
