### QUESTION 1

Kristi is developing a Web site for Roscoe Carnival Supplies. Roscoe's CEO has provided several JPG images that he wants to include on the home page of the site. As Kristi begins to design the page, she realizes that she cannot achieve the tight design she wants because many of the images have excess white space around them. What should Kristi do to solve the problem?

- A. Crop the image to reduce excess white space.
- B. Modify the image's height and/or width dimensions.
- C. Delete the layer with the most white space from the JPG file.
- D. Modify the image's resolution to reduce unneeded white space.

Correct Answer: A

---
