---

#### QUESTION 5

To determine the base table for Siebel opportunities, you would use Siebel tools to examine:

- A. the Main Table property for the Opportunity business object definition
- B. the Name property for the Opportunity table definition
- C. the Name property for the Table child object definition for the Opportunity business compete definition
- D. the Table property for the Opportunity business component definition

Correct Answer: D

Explanation: A Business Object is a collection of Business Components which are based on Tables, so You can see the base table of the Opportunity BC in the BC properties.
