QUESTION 1

An XML file that stores all information about a Site Studio Web site on the content server is known as the .

- A. Configuration File
- B. Project File
- C. Date File
- D. Template File

Correct Answer: A

QUESTION 2

Which step does a document return to by default, when an approver rejects a document In an Oracle Content Server workflow?

- A. Previous step
- B. Previous edit step
- C. AutoContribute step
- D. Current step

Correct Answer: A

Explanation: Note: The right answer is either Previous step or previous edit step. Because when a document is rejected it goes to the previous reviewer.
