QUESTION 1

Scenario: A NetScaler Gateway virtual server is configured for a XenApp infrastructure. The Citrix

Administrator is asked to configure monitoring on the NetScaler Gateway virtual server to ensure the

health and availability of XenApp published applications.

Which monitoring type should the administrator configure?

A. STOREFRONT

B. CITRIX-XD-DDC

C. CITRIX-XML-SERvICE

D. CITRIX-WEB-INTERFACE

Correct Answer: D

QUESTION 2

Scenario: A Citrix Administrator needs to configure a virtual server to load balance Citrix StoreFront.

Corporate policy states that all communication must be encrypted coming into and going out of the

NetScaler; however, the administrator needs to inspect the client HTTP header information.

Which type of service and virtual server are needed?

A. SSL service; SSL virtual server

B. HTTP service; SSL virtual server

C. HTTP service; HTTP virtual Server

D. SSL BRIDGE service; SSL BRIDGE virtual server

Correct Answer: A

QUESTION 3

Scenario: A Citrix Administrator has configured NTP Time Servers in the Citrix NetScaler configuration.

However, the time is NOT in sync with the NTP Time servers. The addresses of the servers have been

verified.

What could be causing this issue?

A. NTP Synchronization state is disabled.

B. NTP Authentication is NOT configured.

C. NTP Server Auto Key is NOT configured.

D. No NTP server is ISet as preferred NTP serverI.

Correct Answer: A

QUESTION 4

Scenario: An administrator plans to troubleshoot connections to the SSL virtual server configured on the

NetScaler by using the WireShark tool. The administrator created a network trace file.

What will the administrator need to decrypt the network trace?

A. NS-root key

B. NS-serverkey

C. Private key of the root certification authority

D. Private key of the certificate that is bound to the virtual server

Correct Answer: D

QUESTION 5

In which format should an administrator save the AppExpert Template files in order to import and upload to the NetScaler?

A. XML

B. ASP

C. CSv

D. HTML

Correct Answer: A
