QUESTION 1

After loading Workforce data from external systems, which statement describes actions you can take to make adjustments to loaded data and then calculate compensation expenses? Choose the best answer.

- A. In Workforce, change properties such as salary grade and FTE, and then calculate salary, benefits, additional earnings, and taxes based on assumptions in Planning.
- B. Change loaded salary information in Workforce and then run the data map for Compensation Data to calculate the updated benefits.
- C. Change loaded benefit information in Workforce such as options for medical benefits and then launch the compensation data business rule to calculate the updated benefit data.
- D. In Workforce, if you change both the selected benefit option and the rate, when compensation expenses are calculated, the value will be based on the benefit option's default value.

Correct Answer: D

QUESTION 2

Which option is true when implementing access permissions in Planning? (Choose the best answer.)

- A. Users and groups are restricted from accessing applications by removing custom application and plan-type security
