QUESTION 1

To create a new Page Template, you go to the Portal Builder Administration page and click Shared Assets.

You then select an existing Page Template, click the Copy button and define a new name.

Identify three options that describe what the next steps could be, to customize the new page template and enable it for use.

- A. You can download the page template, edit in JDeveloper, and upload it back to the portal.
- B. You can connect JDeveloper to the Portal, import the new template into JDeveloper, edit and export it back to the portal.
- C. You can edit the template source code from the Portal interface, and make the necessary changes to it.
- D. You can download the page template to JDeveloper, and deploy the custom version as a WAR file using WSLT.

Correct Answer: ACD

QUESTION 2

A customer has a requirement to display BI reports on portal pages. What approach would you suggest?

- A. Develop a custom task flow to render BI data similar to an existing BI report.
- B. Add a BI folder that contains these reports to the Resource Catalog.
- C. Use a report URL in iFrame.
- D. Use Pagelet Producer to register a pagelet for each report.

Correct Answer: B

QUESTION 3

Which statement about Page Variants is not true?

- A. It is required if you want to handle zoom on device rotation.
- B. It shares the same security as a base page.
- C. It shares the same page parameters as the base page.
- D. It has the same pretty URL as the base page.

Correct Answer: C

QUESTION 4

In WebCenter Portal server, how do you definitively disable the ability to create a portal?

- A. Edit your page template and remove the "Create Portal" links.
- B. This feature cannot be disabled because it is an integral part of WebCenter Portal.
- C. Revoke the Create Portal application permission from authenticated users.
- D. You can disable the portal creation feature by using a system parameter.

Correct Answer: C

QUESTION 5

Users Lucy and Tom are editing a page or task flow simultaneously using Page Composer. Lucy deletes a component while Tom is trying to personalize (for example, move) that same component in View mode. What three things happen?

- A. A WebCenter error page is displayed to Tom.
- B. Tom cannot perform any action while Lucy is editing the page.
- C. The deleted component does not appear, and Tom can continue working on other components.
- D. Tom has to simply navigate back to the original page.

Correct Answer: ABD
