#### QUESTION 1

Which two options correctly describe how you can add Oracle BPM task flows to a portal page?

- A. You can add BPM task flows to any page if the portal contains BPM task flows in its resource catalog.
- B. You can add BPM task flows to the pages of a Process Space that was created by extending the domain with the Process Spaces domain extension templates.
- C. You can add BPM task flows to any page that you have customized to include BPM attributes.
- D. You can add BPM task flows to any page in a portal, if the portal server is installed in a SOA domain.

Correct Answer: BC

---

#### QUESTION 2

You take a backup of a portal and then delete it. Another administrator then creates a new portal with same name as the portal you deleted. If you attempt to re-import the original portal that was backed up, what happens?

- A. The portal is imported, overwriting the portal with the same name in the target.
- B. There is a conflict warning, but you can override it and then import the portal.
- C. The portal is renamed post import.
- D. The portal cannot be imported.

Correct Answer: A

---
