QUESTION 1

When creating a new permission list for Campus Community page access, which menu is selected for viewing Personal Information (Student)?

- A. CC_BIO_DEMO_DATA_STDNT
- B. CC_BIO_DEMO_DATA
- C. CC_IDENTIFICATION_STDNT
- D. CC_SERVICES_DATA_STDNT
- E. CC_SERVICES_DATA

Correct Answer: B

QUESTION 2

What are the three impacts of inactivating a course in the Course Catalog?

- A. The Academic Advising degree audit report will no longer accept enrollments in the course as having satisfied a degree requirement.
- B. The course will not appear in the Browse Course Catalog component.
- C. The course cannot be scheduled in any term past the inactivation date.
- D. The course appears as inactive on the transcript.
- E. The Course ID will not be assigned to new courses.

Correct Answer: ACD

QUESTION 3

Your client has chosen to use only the Course Credit - Manual transfer credit component rather than setting up transfer credit rules.

What impact will this have for students who want to enter new transfer credit information by using the Evaluate my Transfer Credit functionality in Self Service?

- A. Students will be able to enter transfer credit by using Evaluate my Transfer Credit, but only during the add/drop enrollment period.
- B. Students will be able to enter transfer credit by using Evaluate my Transfer Credit, but only for one defined external organization.
- C. Students will be unable to enter transfer credit by using Evaluate my Transfer Credit in Self Service because transfer credit rules are required.

- D. Students will be able to use Evaluate my Transfer Credit without restriction.
- E. Students will be able to enter transfer credit by using Evaluate my Transfer Credit, but only for specific courses that the client defines.

Correct Answer: B

QUESTION 4

Your client wants to avoid duplicate application entry by initiating a Search/Match warning each time an application is entered and saved based on institutional criteria.

How should you achieve this?

- A. Set the appropriate level by using the App1 on File Warning criteria.
- B. Use a permission list to limit which applications can be saved by which users.
- C. Use row-level security under SetupSACR to limit the applications that can be saved.
- D. Use the Search/Match functionality to ensure that the warning appears automatically.
- E. Create a security role to limit the users that can save certain applications.

Correct Answer: C

QUESTION 5

Your client wants to use the 3C Engine for several module areas but does not want to create additional triggers. Is it possible to utilize the 3C Engine with only events and no triggers?

- A. No, triggers are required for the 3C Engine to function properly.
- B. Triggers are required only when you use the 3C Engine in Financial Aid.
- C. Yes, the 3C Engine can be used with events and other selection tools such as query.
- D. Triggers are required only when you assign comments through the 3C Engine.
- E. Triggers are required only when you assign communications through the 3C Engine.

Correct Answer: D
