QUESTION 1

Which type of component is included in the Software Catalog?

- A. licenses
- B. hotfixes
- C. updates
- D. uninstalls

Correct Answer: A

QUESTION 2

A maintenance window is set from 22:00 to 00:00. The Default Software Update Agent policy is set to install software updates at 03:00. A Software Update policy is created and scheduled to install as soon as possible. The maintenance window is honored. All machines are powered on 24 hours a day, seven days a week. Assuming the policy has been applied, when is the earliest the software update can be installed?

- A. 03:00
- B. 22:00
- C. immediately
- D. never

Correct Answer: B

QUESTION 3

A system administrator needs to quickly deploy Windows 7 to several new computers without preconfigured operating systems. The administrator decides to use an existing Ghost image since the necessary drivers have already been added to the DeployAnywhere database. The PXE Configuration is set to respond only to known computers. How should the administrator proceed?

- A. Use Ghost Solution Suite to distribute the image as the computers boot to the network.
- B. Import the list of new computers into the Management Console and assign an imaging task.
- C. Deploy an Automation Folder to the new computers to prepare them for imaging.
- D. Configure PXE to respond to a known list of MAC addresses and deploy the images only to the new systems.

Correct Answer: B

QUESTION 4

Which items must be specified to minimize duplication of data and minimize processing on the Notification Server when manually adding a software resource to the Software Catalog?

- A. Product Name, Software Product, and Language
- B. Product Name, Version, and Manufacturer
- C. Product Name, Version, and Software Product
- D. Product Name, Version, and Language

Correct Answer: B

QUESTION 5

An inventory policy is set to run weekly at 18:00 on Wednesdays and is present on all computers. However, a user shuts down a laptop right after the inventory starts at 18:00 and turns it on the next morning at 08:00. When will the inventory run?

- A. Thursday morning at 08:00
- B. next Wednesday evening at 18:00
- C. Thursday evening at 18:00
- D. never

Correct Answer: B
