QUESTION 1

You have imported a disk group onto a new Storage Foundation 5.0 server named Srv1. The existing Storage Foundation 4.1 server named Srv1 will be decommissioned. When you attempt to use the newly imported disk group on Srv2, you

get the following error:

VxVM vxedit ERROR V-5-1-2829 Disk group version doesn't support feature. You want to resolve this error and use the features provided by VxVM running on Srv2.

How would you solve this error?

- A. Upgrade the disk group on Srv1 and then import the disk group.
- B. Explicitly upgrade the disk group to the current version.
- C. Reboot Srv2.
- D. Revert VxVM to an earlier version.

Correct Answer: B
