A. 123

B. 123?

C. 123@

D. 123\$

Correct Answer: D

QUESTION 4

A user's phone Call Forward No Answer setting has been configured to forward to a hunt pilot. If all call hunting options have been exhausted and the Forward Hunt No Answer feature has been configured to use Personal Preference settings, to which of these will calls to this phone be forwarded?

A. the default destination configured under Service Parameters

B. any destination configured under the user's DN Personal Settings configuration

C. the destination specified under the user's Call Forward No Coverage settings

D. voice mail

E. no other destination; each call will continue to ring until the caller hangs up

Correct Answer: C

You can implement the personal preferences option. To do so, configure a user phone so that the Forward No Answer field redirects the call to a hunt pilot, which searches for someone else to answer the call. If call hunting fails because all the hunting options are exhausted or because a timeout period expires, the call can be sent to a personalized destination for the person who was originally called. For example, if you set the Forward No Coverage field in the Directory Number Configuration page to a voice-mail number, the call will be sent to the voice mailbox of that person if hunting fails.

QUESTION 5
