QUESTION 1

Click the exhibit.

```
R1>config>service# info
------------------------------------------------
        customer 1 create
            description "Default customer"
        exit
        customer 100 create
            description "Cust 100"
        exit
        sdp 2 mpls create
            far-end 10.10.10.2
            ldp
            keep-alive
                shutdown
            exit
            no shutdown
        exit
        epipe 12 customer 100 create
            sap 1/1/1:30 create
            exit
            spoke-sdp 2:44 create
                no shutdown
            exit
            no shutdown
        exit
------------------------------------------------
```

Which of the following statements about the E-pipe service is TRUE?
