QUESTION 1

Refer to the exhibit.

vSAN online health alarm 'vSAN Critical Alert – Patch available for critical vSAN issue'

A vSAN cluster has recently prompted an online health alarm.

What can the system administrator do to resolve the issue?

- A. Disable Customer Experience Improvement Program feature.
- B. Upgrade the ESXi host.
- C. Suppress warning on the alarm.
- D. Move VMs on affected host to other host(s).

Correct Answer: B

QUESTION 2

vSAN is configured with a storage policy with a Failures To Tolerate (FTT) set to three.

What is the minimum number of hosts required in this vSAN cluster?

- A. 4
- B. 5
- C. 6
- D. 7

Correct Answer: D

QUESTION 3

A company implements a vSAN environment with linked clone virtual desktops and homogeneous desktop operating systems. During the last three months, users have experienced intermittent high latency, degraded performance, and lockout from desktops.

Which two methods should an administrator use to monitor and respond to the issues? (Choose two.)

- A. vRealize Log Insight
- B. vRealize Automation
- C. Live Optics
- D. HCI Bench
- E. vRealize Operations Manager

Correct Answer: AC

QUESTION 4

A single disk in a vSAN disk group suffers from an unrecoverable hardware failure. This causes vSAN to set the health status for all disks in the group to Permanent disk loss, indicating disk failure.

Assuming all other disks have not suffered from a hardware failure, why would vSAN mark all disks in the group as failed?

- A. The vSAN disk management service has failed.
- B. The affected vSphere host is offline.
- C. The key management server is offline.
- D. Deduplication and compression are enabled on the vSAN cluster.

Correct Answer: A

QUESTION 5

The vSAN host memory needs to be replaced and the entire operation is expected to take 90-120 minutes. Which vSAN advanced setting can be adjusted to avoid rebuild operations during the host hardware maintenance?

- A. Site Read Locality
- B. Forced Provisioning
- C. Object Repair Timer
- D. Thin Swap

Correct Answer: C
