QUESTION 1

Which statement describes the function of a VMware Cloud Director Availability replication policy?

- A. It defines and controls the replication attributes and is controlled by the tenant.
- B. It defines and controls the replication attributes and is controlled by the on-premises vSphere environment.
- C. It defines and controls the type of compatible guest operating systems.
- D. It defines and controls the replication attributes and is controlled by the service provider.

Correct Answer: D

QUESTION 2

An administrator is planning a new VMware Cloud Director deployment and is concerned about secure communications between the clients and servers.

Which two recommended steps would ensure secure communications between the clients and servers? (Choose two.)

- A. VMware Cloud Director automatically creates self-signed certificates.
- B. Create a single certificate for each member of the server group, and import the certificates into the host keystores.
- C. Create two certificates for the server group, and import the certificates into each cell's keystore.
- D. Create a single certificate and upload it through the Service Provider Portal to all members of the server group.
- E. Create or use an existing wildcard certificate, and import it into each cell's keystore.

Correct Answer: CE

QUESTION 3

Having just deployed VMware Cloud Director, a service provider needs to create Provider Virtual Data Centers so their tenants can consume cloud resources through their Organization Virtual Data Centers.

Which two options can be used to create Provider VDCs? (Choose two.)

- A. Service Provider Admin Portal
- B. vSphere Client
- C. Tenant Admin Portal
- D. Operations Manager Portal
- E. vCloud API

Correct Answer: AB

QUESTION 4

An individual is logged into the VMware Cloud Director tenant portal as organization administrator and would like to create a direct organization virtual data center network. The individual, however, receives a message that insufficient rights are held.

Which role is needed to complete this task?

- A. vApp author
- B. System administrator
- C. Catalog author
- D. Tenant administrator

Correct Answer: B

QUESTION 5
