Appendix A – CAL/ML Equivalent Licenses

Rights to access server software running on Customer's Licensed Servers or to Manage OSes are available under CAL suites and Online Services SLs. If a cell is shaded blue in a server's row, the CAL suite or SL in that column satisfies the license requirement for access to (or management of) that Server Product's base or additive functions. CAL suites must be purchased after the Product's Date Available or have active SA coverage on such date to satisfy access requirements for the current version of the Server Product.
