Following Questions and Answers are all new published by Microsoft Official Exam Center

QUESTION 1

You are the help desk technician for a local law firm. The senior partner asks you to add a custom domain for the law firm\\'s Microsoft Office 365 account. The domain will be used for instant messaging and the law firm\\'s public website.

The Microsoft Office 365 admin console prompts you for the purpose of the new domain.

What is the purpose?

A. Microsoft Exchange Online

B. Microsoft OneDrive

C. Microsoft Lync Online

D. Microsoft SharePoint Online and Microsoft Lync Online

Correct Answer: D

You can handle your public website through Microsoft SharePoint Online.

Microsoft Lync Online (becoming Skype for Business) is an easy-to-use cloud-based platform for audio conferencing, online meetings, video conferencing, instant messaging and presentation sharing.

QUESTION 2

This question requires that you evaluate the underlined text to determine if it is correct.

Creating a "mail contact" by using the Microsoft Exchange Online GUI Console allows employees to reserve conference rooms for meetings.

Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed." If the statement is incorrect, select the answer choice that makes the statement correct.

A. No change is needed.

B. resource mailbox

C. distribution group

D. mail user

Correct Answer: B

Resource mailboxes can be included as resources in meeting requests, providing a simple and efficient way to manage the scheduling of resources for your organization. There are two types of resource mailboxes in Microsoft Exchange Server: room and equipment.

QUESTION 3

You recently set up Microsoft Intune for your company.

You need to assign a user a tenant role so that the user can reset certain password. You need to achieve this goal without giving the user the ability to change global administrator passwords.

Which two admin roles fulfill this requirement? (Choose two.)

A. user management administrator

B. service support administrator

C. billing administrator

D. global administrator

Correct Answer: AB

QUESTION 4

This question requires that you evaluate the underlined text to determine if it is correct.

You need to ensure that an installation of the Microsoft Intune client displays messages during the installation process. You should run "Windows Intune Setup.exe/PrepareEnroll" from an elevated command prompt.

Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed." If the statement is incorrect, select the answer choice that makes the statement correct.

A. No change is needed.

B. Windows_Intune_Setup.exe

C. Windows_Intune_Setup.exe/Extract

D. Windows_Intune_Setup.exe/Quiet

Correct Answer: B

Just use Windows_Intune_Setup.exe without any arguments and all the client messages will be displayed.

Incorrect answers:

Not A: There is a command line switch that can be used to schedule a task that will attempt to enroll the computer at a later time. This will ensure that the computer image is not enrolled before it has been deployed to the target computer. To

launch a delayed installation use the following command line argument to launch the installation:

Windows_Intune_Setup.exe /PrepareEnroll

Not C: You can use the Windows_Intune_Setup.exe /Extract command line argument on the Windows_Intune_Setup.exe file to extract both a 32 bit and 64 bit MSI package. Not D: You can use the Windows_Intune_Setup.exe/ Quiet

argument if you wish to suppress the Installation wizard and run it with no user interaction.

QUESTION 5

You are preparing to add your domain to Microsoft Office 365.

You need to define how you will use your domain by selecting Microsoft Exchange Online, Skype for Business Online, or a combination of these.

What is the name of this step in the setup process?

A. domain purpose

B. domain registration

C. DNS registration

D. DNS zone delegation

Correct Answer: A
