QUESTION 1

You\\re going to connect a new external hard drive to your Mac. Which action will configure Time Machine to back up your data to the external drive after you connect it?

- A. Dragging your home folder to the new external hard disk icon on the desktop.
- B. Clicking "Use as Backup Disk" in the Time Machine dialog that appears when you connect the external hard drive.
- C. Dragging the new external hard disk icon from the desktop onto the Time Machine application icon in the /Applications/Utilities/ folder.
- D. Opening Time Machine, selecting the new external hard disk as the backup destination, choosing ZIP from the Backup Format list, and clicking Start.

Correct Answer: B

QUESTION 2

Review the screenshot, then answer the question below.

You try to open an application called Dead End, but you get the alert shown above. You know the application comes from a trusted source. How can you open the Dead End application?

- A. Open Security and Privacy preferences, click the Gatekeeper tab, click the Add (+) button beneath the Authorized Applications list, and enter Dead End.
- B. Control-click the application, choose Open from the shortcut menu, then click Open in the dialog that appears.
- C. Option-click the application.
- D. Open Security and Privacy preferences, click the Gatekeeper tab, click the Add (+) button beneath the Developers list, and enter Houdini.

Correct Answer: B
