QUESTION 1

Josh has been asked to rename a user as well as changing the user's Internet address. Which statement is true?

- A. Josh will need to use the Address Change procedure to change only the Internet address after the rename procedure is completed.
- B. When a user is renamed, Josh cannot change the user's Internet address as part of a change to the user's common or alternate name.
- C. When a user is renamed, Josh can change the user's Internet address as part of a change to the user's common or alternate name, but he cannot use this rename procedure to change only the Internet address.
- D. When a user is renamed, not only can Josh change the user's Internet address as part of a change to the user's common or alternate name, but he can also use this rename procedure to change only the Internet address.

Correct Answer: C
