QUESTION 1

Annie\\'s workflow database was designed as a traditional web application. She would like to update it to make it accessible to IBM Notes client users. What advantage does redesigning it to use XPages give her?

A. XPages gives her one consistent appearance whether viewed in Notes or a web browser.

B. XPages gives her the ability to reuse existing pages on her new XPage design elements.

C. XPages allows her to bind existing pages to the new XPage design elements she creates.

D. XPages allows her to move IBM LotusScript code from webquery agents to XPage events without changes.

Correct Answer: A

QUESTION 2

How does an administrator prevent the display of the message body in undeliverable email?

A. Remove the \\'Body\\' field from the form (Delivery Report) and the failure reports should no longer have the body in them.

B. Remove the \\'Body\\' field from the form (NonDelivery Report) and the failure reports should no longer have the body in them.

C. Remove the \\'Response\\' field from the form (Delivery Report) and the failure reports should no longer have the body in them.

D. Remove the \\'Response\\' field from the form (NonDelivery Report) and the failure reports should no longer have the body in them.

Correct Answer: B

QUESTION 3

The IBM Domino administrator just added 15 new policies to the desktop settings. What can he do to allow users to change these options after the policy is enforced?

A. Set the policy to be enforced for 30 days.

B. Set the policy to be enforced the first time only.

C. Set the policy to launch a \\'Click here to turn off feature\\' button.

D. Set the policy to create an email with a \\'Click here to turn off feature\\' button.

Correct Answer: B

QUESTION 4

When a Link Core Control is set to the Open Page type, what can it point to?

A. a URL for a web page

B. a Page design element

C. an XPage design element

D. an Include Page Container Control

Correct Answer: C

QUESTION 5

After the recent hurricane wiped out his home office broadband service, John could only replicate via modem. Streaming replication allowed John to replicate most of the new documents in his mail file locally relatively quickly. Which type of documents would be held until he has a better connection?

A. to do lists

B. link messages

C. calendar entries

D. those with large attachments

Correct Answer: D
