QUESTION 1

Which is a role of an SOA governance body?

- A. Evaluating performance, availability and scalability of services
- B. Defining the processes, procedures, mechanisms and organizations that guide the implementation of services
- C. Performing critical evaluation and selection of the packages, software and hardware components of the architecture
- D. Identifying services from a decomposition of business processes and ensuring that these services enable realization of the business goals and drivers

Correct Answer: B

QUESTION 2

At which two points in SOA communication are registries used?

- A. During discovery
- B. During publication
- C. During message transport
- D. During message validation
- E. During message transformation

Correct Answer: AB

QUESTION 3

What is one purpose of an Enterprise Service Bus (ESB) in SOA management and governance?

- A. It allows load balancing across multiple services.
- B. It provides pre-built components called mediation primitives.
- C. It hides interface details from Key Performance Indicators (KPIs).
- D. Physically moving a service requires modification to all other components that use it.

Correct Answer: C

QUESTION 4

Which two roles do Web services play in an SOA?

- A. They provide mediation for service requests.
- B. They provide the framework for information as a service.
- C. They support interoperability between disparate technologies.
- D. They provide an open standard means for describing service interfaces.
- E. They provide the messaging infrastructure for the Enterprise Service Bus (ESB).

Correct Answer: CD

QUESTION 5

What is a key difference between a component and a service?

- A. A service is deployed once and a component is deployed many times.
- B. A component is deployed once and a service is deployed many times.
- C. A component has an interface and a service implements the interface.
- D. A service has an interface and a component implements the interface.
- E. A service does not have a well-defined interface and a component does.

Correct Answer: D
