QUESTION 1

What is the function of a Project Management Office (PMO)?

- A. To focus on the coordinated planning, prioritization, and execution of projects and subprojects that are tied to the parent organizations\ or the client\'s overall business objectives.
- B. To coordinate and manage the procurement of projects relevant to the parent organization\'s business objectives and to administer the project charters accordingly.
- C. To administer performance reviews for the project manager and the project team members and to handle any personnel and payroll issues.
- D. To focus on the specified project objectives and to manage the scope, schedule, cost, and quality of the work packages.

Correct Answer: A

QUESTION 2

Which of the following is an output of a Verify Scope process?

- A. Formal acceptance
- B. WBS template
- C. SOW acceptance
- D. Rework

Correct Answer: A

Output of Verify Scope is formal acceptance.

QUESTION 3

An input required to develop a preliminary project scope statement is:

- A. Organizational Structure
- B. Organizational Process Assets
- C. Organizational Matrix
- D. Organizational Breakdown Structures

Correct Answer: B

QUESTION 4

Which document contains initial requirements that satisfy stakeholders' needs and expectations?

- A. Project charter
- B. Project management plan
- C. Project statement of work
- D. Project scope statement

Correct Answer: A

QUESTION 5

How many communication channels will be required in a project in which 10 individual are participating?

- A. 45
- B. 12
- C. 10
- D. 5

Correct Answer: A

No of communication channels: $n*(n-1)/2$ where n = individual. In this case $10*(10-1)/2 = 45$
