QUESTION 1

Your overseas vendor informs you that problems have arisen during production and that the defined dates have shifted. The goods you have ordered will not be delivered by ship, as agreed, but by aircraft.

How can you take these changes into account? (Choose two)

- A. In the dateline for seasonal procurement, select another transportation chain with a different dispatch method.
- B. Use SAP Event Management to have the actual data updated for the relevant dates, which will mean that the forecast data is replaced with the current actual data.
- C. Insert a new entry for the means of transport "aircraft" in the transportation times table.
- D. If the delivery date is to be monitored, get the suggestion for a suitable activity in the active purchase monitor.

Correct Answer: AB

QUESTION 2

What listing procedure would you use to select articles based on the type of fashion style (Designer, Classic or Formal)?

- A. Assortment Grade Check
- B. Merchandise Category Check
- C. Layout Check
- D. Classification Check

Correct Answer: D

QUESTION 3

You receive goods for a vendor order.

What happens automatically when you post this transaction in the system? (Choose three)

- A. The vendor invoice is generated.
- B. The purchase order history in the relevant purchase order document is updated.
- C. The stock quantity and stock value are updated for the relevant article master.
- D. The billing due list is updated.
- E. An article document is generated.

Correct Answer: BCE

QUESTION 4

Which one of the following is a component of SAP Merchandise and Assortment Planning?

- A. Layout Workbench
- B. Store Planning
- C. Price Planning Workbench
- D. Operational Assortment Planning and Control

Correct Answer: B

QUESTION 5

Which of the following statements apply when you create sites using reference sites? (Choose two)

- A. Reference sites are used as copy templates.
- B. Data from the reference site of the initial screen overrides the data from the reference site of the site profile.
- C. Articles that are listed for a reference site are listed for the new site you create.
- D. General assortments that are assigned to a reference site are assigned to the new site you create.

Correct Answer: AB
