- E. Fixed lot size

Correct Answer: ADE

QUESTION 2

At which organizational level do you maintain source lists?

- A. Company Code
- B. Client
- C. Purchasing Organization
- D. Plant

Correct Answer: D

QUESTION 3

What are the options to post inventory differences depending on the processing status of the physical inventory transaction? (Choose three)

- A. You only have to create a physical inventory document with reference to the count and post the differences in one step if the count has already been posted.
- B. You have to initiate a recount for zero counts before you can post the differences if a physical inventory document has already been created, and the count has already been posted.
- C. You only post the differences since the physical inventory document has already been created and the count has already been posted.
- D. You create a physical inventory document, enter the count, and post the differences in one step.
- E. You enter the count and post the differences in one step if a physical inventory document has been created.

Correct Answer: CDE

QUESTION 4

You want to designate a material as a material to be discontinued.

How can you realize this in the system?

- A. Maintain a material status in the material master data which generates an error message, when you try to save a goods receipt.
- B. Delete all existing info records for this material.
- C. Maintain a material status in the material master data which generates an error message, when you try to purchase the material.
- D. Delete the material master record.

Correct Answer: C

QUESTION 5

The book quantity of a material is 100. The inventory count result is 0. How do you handle this?

- A. You set the Zero Count indicator.
- B. You enter 0 in the quantity field and book the difference.
- C. You post a goods issue with quantity 100.
- D. You enter 0 in the quantity field to make a recount required.

Correct Answer: A
