- A. asset /d 12345
- B. asset /s 12345
- C. asset /c 12345
- D. asset /r 12345
- E. asset 12345

Correct Answer: E

QUESTION 2

What is the purpose of the battery on a PERC?

- A. saves the cache contents during a power loss
- B. provides power to the PERC controller
- C. preserves the hard drive configuration
- D. maintains the PERC BIOS settings

Correct Answer: A

QUESTION 3

How would you install Red Hat Linux and Dell-validated drivers for your factory-installed hardware using the Dell Server Assistant CD?

- A. boot the Dell Server Assistant CD and have the Red Hat Linux CDs available
- B. use the Dell Server Assistant CD to create a Utility Partition and launch the installation from the Utility Partition.
- C. autorun the CD from the GUI after Red Hat Linux is installed
- D. boot to the Dell Server Assistant CD after installing Red Hat Linux

Correct Answer: A

QUESTION 4

You recently upgraded the BIOS on a managed system. However, you still see the old BIOS version on the ITA Summary page. What should you do to expedite the refreshing of that information by ITA?

- A. on the Logs tab, click the Refresh button
- B. on the Status tab, click Main System Chassis to update the BIOS information
- C. using the Force Discovery menu, choose that system to carry out forced discovery and wait for the discovery to finish to get the refreshed information
- D. using the Remove Discovered System menu, remove that system from the discovered systems

Correct Answer: C

QUESTION 5

You are monitoring 100 servers in your environment using ITA. You want to determine which servers are equipped with a remote access controller and the Array Manager agent, as well as view the physical memory of each server on one screen. How should you view this information from ITA?

- A. go to the ITA Logs tab, select the information you want to view, and click the Refresh button
- B. go to the ITA Inventory view, select the information you want to view, and click the Get Inventory button
- C. go to the ITA Search view, select all the information you want to view using one query, and click the Search button
- D. go to the ITA Remote Address Book, select the information you want to view, and click the Get Addresses button

Correct Answer: B
