QUESTION 1

Where are CIFS audit policies configured?

A. Uniphere, under Settings > Target Share > Properties > Advanced

B. VNX Data Mover management MMC snap-in

C. Unisphere, under Settings > Monitoring and Alerts

D. Command line, through the server_security command

Correct Answer: B

Explanation:

Enable and Define Audit Policy per CIFS Server

- From Windows client, open MMC Management interface
  - MMC snap-in available from Application CD-ROM and Powerlink
  - The snap-in must be installed and added to the MMC prior to use
- Right-click Audit Policy, choose Enable.
- Set Success/Failure on desired policies.
