### QUESTION 1

You are asked to design a Hitachi NAS Platform solution with a requirement to replicate data across a distance of 300 km. Which two replication technologies are suitable? (Choose two.)

- A. TrueCopy
- B. Intelligent Data Replication
- C. ShadowImage
- D. Hitachi Universal Replicator

Correct Answer: BD

---

### QUESTION 2

A customer is running Web messaging related applications using a Hitachi NAS Platform 3080. They are worried about data inconsistencies and would like to know how a WFS-2 file system can benefit their current environment. Which two functions will provide an additional layer of data protection? (Choose two.)

- A. multiple Checkpoints
- B. quick rollback to a previous successful snapshot
- C. data recovery from the deleted file system
- D. the "consistency-check" command

Correct Answer: AB

---

### QUESTION 3

An enterprise customer has a diverse Active Directory environment consisting of multiple untrusted departmental Windows domains. The customer wants to delegate administration to departmental administrators using the highest level of security. Which EVS security configuration will achieve this business requirement?

- A. Use the global EVS security context for all EVSs.
- B. Use an independent EVS security context for each EVSs.
- C. Use IPSEC for all EVSs to create secure client connections.
- D. Use SSL certificates to encrypt client communications.

Correct Answer: B

---

### QUESTION 4

A customer has configured two LAGs on their Hitachi NAS Platform 3090 cluster. EVS A uses ag1 and EVS B uses ag2. In which case does EVS A failover?

- A. The SMU quorum service is stopped.
- B. All the EVS B file systems go offline.
- C. All the GbE ports go offline from ag1.
- D. The cluster interconnect goes offline.

Correct Answer: C

---

#### QUESTION 5

You have enabled file system auditing on a Hitachi NAS Platform. Which protocol is now allowed to both access the file system and provide logging information to the file system?

- A. CIFS
- B. NFSv3
- C. FTP
- D. HTTP

Correct Answer: A
