Following Questions and Answers are all new published by Microsoft Official Exam Center

QUESTION 1

You install Microsoft Dynamics CRM for Microsoft Office Outlook on a user\\'s laptop by using a command prompt. At the command prompt you run setupclient.exe with the /disableofflinecapability switch. What is the result of the installation?

A. The installation includes the additional components for offline capability, but offline access is not enabled. The user can enable offline capability later by clicking the Go Offline button in Outlook.

B. No additional components are installed for offline capability. The user can enable offline capability by clicking the Go Offline button in Outlook.

C. No additional components are installed for offline capability. The Go Offline button is hidden in Outlook.

D. No additional components are installed for offline capability. The user cannot enable offline capability because the user\\'s security roles are updated to remove the Go Offline in Outlook privilege.

Correct Answer: C

QUESTION 2

You need to configure Microsoft Dynamics CRM to use the Microsoft Dynamics CRM Email Router to process email messages. Where should you configure the email processing option?

A. in the Email Server Profile record

B. in Email Router Configuration Manager

C. in system settings
