QUESTION 1

When you manufacture prototypes, it is desirable to have all ledger transactions posted to separate ledger accounts specifically created for prototype accounting.

Which of the following accomplishes this with the fewest new settings?

- A. Keep a log of used voucher numbers in the prototypes.
- B. Create an item group for prototype items with separate accounts and set up cost categories for the work centers.
- C. Create production groups with separate accounts for prototype production orders.
- D. Create special journals with separate ledger accounts for posting the prototype productions.

Correct Answer: C

QUESTION 2

A sales order with a delivery date in 90 days, for an item using the requirement coverage code, is not covered by a planned purchase order when Master scheduling is run.

Why is the sale not requirement covered?

- A. Firming time fence is less than 90 days.
- B. Action time fence is less than 90 days.
- C. Capacity time fence is less than 90 days.
- D. Coverage time fence is less than 90 days

Correct Answer: D

QUESTION 3

A user creates a purchase order to fulfill a sales order and sets the update marking to "no". The delivery day for the purchase order and the sales order match each other. The purchase order is then delayed two days, which the user updated on the purchase order. Later, the user performs Master scheduling and creates a planned purchase order to fulfill the sales order with the same delivery date as the sales order.

Why is the planned order created?

- A. Negative days is below two days.
- B. Positive days is below two days.

- C. Negative time fence is below two days.
- D. Planned order time fence is below two days.

Correct Answer: A

QUESTION 4

A company can use scheduling strategy that uses one master plan or multiple master plans.

When should a company use a strategy with one master plan?

- A. When the company wants to make sales order simulations.
- B. When the company wants to calculate exact delivery dates.
- C. When it is not important that sales people can confirm delivery dates to customers.
- D. When orders resulting from order simulations are not firmed right away.

Correct Answer: C

QUESTION 5

Which of the following categories are work center cost categories? Choose the 3 that apply.

- A. Setup
- B. Run time
- C. Efficiency time
- D. Quantity

Correct Answer: ABD
