B. radius01 was deleted from the list of authentication sources.

C. The policy service was moved to position number 3.

D. The policy service was moved to position number 4.

E. radius01 was moved to position number 4.

Correct Answer: BD

QUESTION 3

Refer to the screen capture below:

Authentication Sources - remotelab AD

Summary	General	Primary	Attributes
Name:	<input type="text" value="remotelab AD"/>		
Description:	<input type="text"/>		
Type:	Active Directory		
Use for Authorization:	<input checked="" type="checkbox"/> Enable to use this authentication source to		
Authorization Sources:	<div><input type="text"/></div> <div>-- Select --</div>		
Server Timeout:	<input type="text" value="10"/>	seconds	
Cache Timeout:	<input type="text" value="36000"/>	seconds	
Backup Servers Priority:	<div><input type="text"/></div> <div>Add Backup</div>		

What does the Cache Timeout Value refer to?

- A. The amount of time the Policy Manager caches the user credentials stored in the Active Directory.
- B. The amount of time the Policy Manager caches the user attributes fetched from Active Directory.
- C. The amount of time the Policy Manager waits for a response from the Active Directory before sending a timeout message to the Network Access Device.
- D. The amount of time the Policy Manager waits for a response from the Active Directory before checking the backup authentication source.
- E. The amount of time the Policy Manager caches the user's client certificate.

Correct Answer: B

QUESTION 4

Which of the following are valid policy simulation types in Clearpass? (Choose 3)

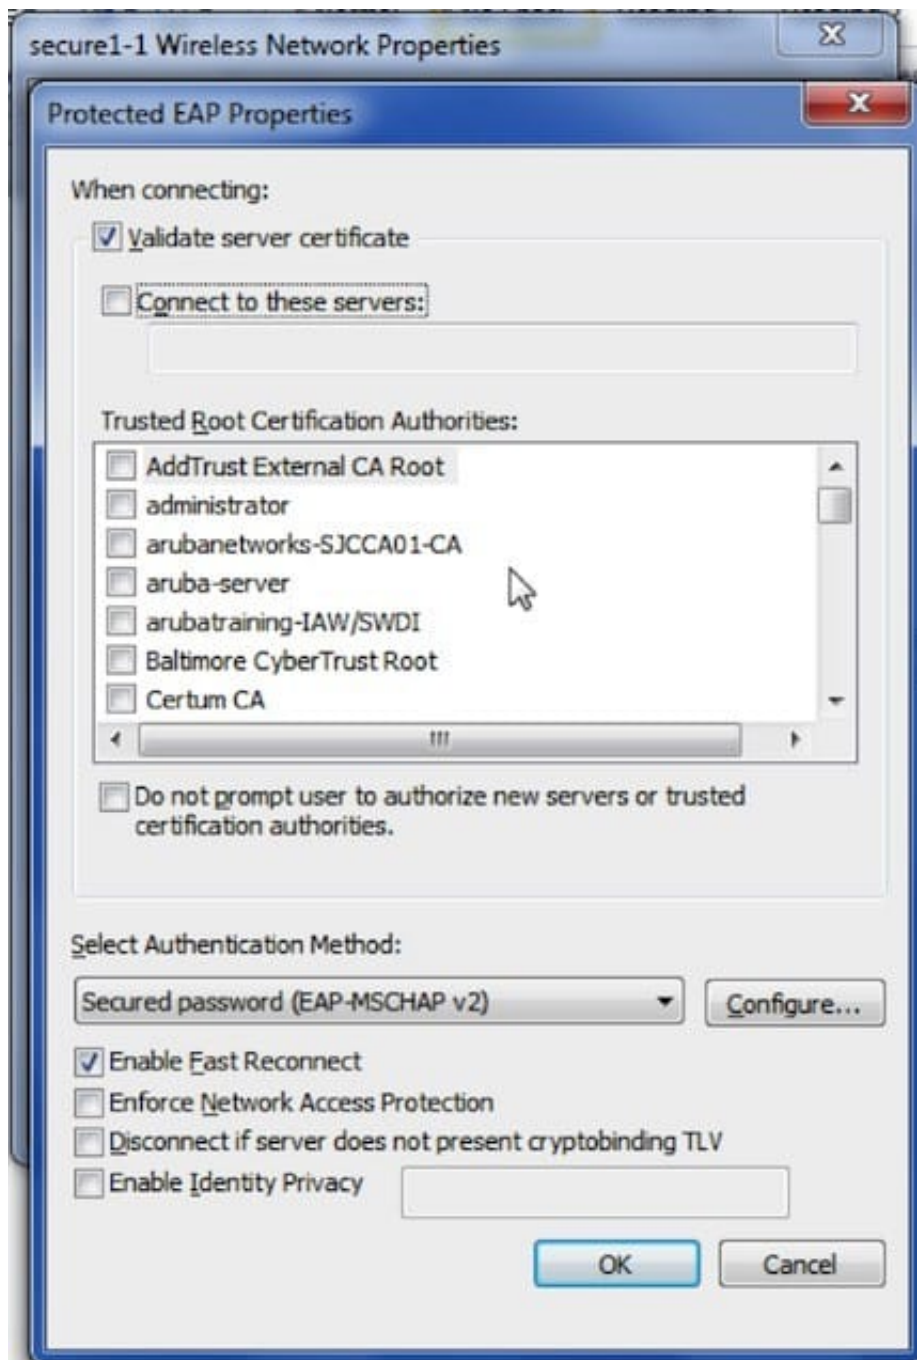

- A. Role Mapping
- B. Endpoint Profiler
- C. Authorization Attributes
- D. Chained Simulation
- E. Enforcement Policy

Correct Answer: ADE

QUESTION 5
