QUESTION 3

Which AEM feature can an author use to manage and display the text-only content on different channels?

A. Experience fragments

B. A reference component

C. AEM Workflows

D. Content fragments

Correct Answer: D

Reference: https://helpx.adobe.com/experience-manager/6-3/sites/authoring/using/content-fragments.html

QUESTION 4

There is a copyright and legal information in the footer of all pages of a website which require regular updates.

What approach would you recommend to design the footer so that the content can be updated easily?

A. Add a content fragment to the footer component of the page

B. Create a footer component and include it on the structure of the page templates

C. Create a footer component that can be used on the parent page in an iparsys

D. Add a footer component to the layout container of the page

Correct Answer: B

QUESTION 5

Developers made changes to a page. The client views the page but still sees the old version. However, when the client views the page in Incognito mode, the new page displays correctly.

What is the solution to this problem?

A. Clear the cache of the browser and access the page again

B. Contact your system administrator to see if there are issues with the replication queue

C. Check the page status and if necessary, the state of the replication queue

D. Clear the Dispatcher cache and access the page again

Correct Answer: A
