As an Android developer, to change the font size of a text in Android layout, you should use attribute

"android:textSize".

Which of the following choices is the recommended syntax to change the font size to 18?

A. android:textSize=18sd"

B. androtd:textSize="18sp"

C. android:textSize=-"18point"

D. android:TextSize=18dp"

Correct Answer: B

QUESTION 3

Which of these is the correct explanation regarding the following methods? (1)android.content.Context.sendBroadcast (2)android.content.Context.startActivity

A. Both methods are defined by overloading.

B. Both methods throw an exception.

C. Both methods are asynchronous.

D. Both methods are able to broadcast an Intent.

Correct Answer: D

QUESTION 4

Which of the following choices is the best answer to fill the empty space in the following sentence? Adding a new color to the colors.xml file in Android Studio (/res/values/colors.xml) helps the app developers to use this new color as attribute value for the . ...attribute in all these app layouts.

A. Java:textcolor

B. color:textformat

C. android:textcolor

D. kotlin:textcolor

Correct Answer: C

QUESTION 5

Check the following image which includes Android code for a sum calculator. Which of the following choices is correct about this Android code?

```
package androidatc.com.android_calculator
import android.support.v7.app.AppCompatAvtivity
import android.os.Bundle
import kotlinx.android.synthetic.main.activity_main.*
class MainActivity : AppCompatActivity() {

    override fun orCreate(savedInstanceState: Bundle?) {

        super.onCreate(savedInstanceState)
        setContentView(R.layout.activity_main)
        var N1=Number1.text
        var N2=Number2.text
        button_sum.setOnclickListener {

 var sum_rusult=N1.toString().toDouble()+ N2.toString().toDouble()
 result_view.text= sum_result.toString()
        }
    }
}
```

A. The sum result will not appear on the app until adding another print out method.

B. The sum result of N1 and N2 will appear in result_view TextView widget when the user clicks button_sum button.

C. The sum result will not work, because N1 and N2 must be changed to Integer first.

D. You must add input method to this code to enter the value of N1 and N2 numbers.

Correct Answer: B
