### QUESTION 1

A simple script requires a one-time deployment against an operator's managed endpoints. Without creating a Fixlet or task, how would the operator take action in the IBM Endpoint Manager console?

- A. click Tools > Single Action
- B. click Tools > Take Custom Action
- C. double-click an action taken previously and edit the Action Script
- D. right-click on the computers being targeted and select Take Action

Correct Answer: B

---

### QUESTION 2

When viewing the list of Fixlets and tasks, some are black and others are gray. What does this mean?

- A. The black entries are required to be deployed to at least one computer, and the gray entries are optional.
- B. The gray entries are required to be deployed to at least one computer, and the black entries are optional.
- C. The gray entries are relevant to at least one computer, and the black entries are not relevant to any computers.
- D. The black entries are relevant to at least one computer, and the gray entries are not relevant to any computers.

Correct Answer: D

---

### QUESTION 3

While checking the state from a recently deployed action, a user notices that it is showing as 100% complete but still in an Open state. Why?

- A. The action will remain open until closed.
- B. The ends on value of the action has not been reached.
- C. The action will remain open until closed by a master operator.
- D. The last reporting client of the action has not sent the Close action command yet.

Correct Answer: C

---

### QUESTION 4

Targets have reported a failed status for an action. How can the Action ID be obtained so it can be used while searching the IBM Endpoint Manager (IEM) client logs?

- A. Right-click the action in the IEM console and select Show Action ID.
- B. On the target endpoint, look for the most recent Action file within the BES client directory.
- C. In the IEM console, click on the Summary tab of the deployed action and view the Details section.
- D. In the Details tab for the Fixlet/Task locate the Fixlet/Task ID. The Action ID is the same as the FixletTaskID.

Correct Answer: A

---

#### QUESTION 5

How is a computer added to a manual group?

- A. Use the Manual Group wizard.
- B. Select the computer from the list view then right-click and select Add to Manual Group.
- C. Settings in the IBM Endpoint Manager (IEM) console that is specific for each operator.
- D. As a computer is added to the IEM environment, it will be added to a manually created group.

Correct Answer: B
