QUESTION 1

Where in the dashboard interface can multiple adapter service configurations be enabled or disabled on one screen?

- A. Current Activity
- B. Adapter Utilities
- C. System Troubleshooter
- D. Business Process Manager

Correct Answer: C

QUESTION 2

Which option shuts down a system and ensures that currently running processes complete prior to termination?

- A. Soft Stop
- B. Host Information
- C. Quiesce System
- D. Stop the System

Correct Answer: A

QUESTION 3

A customer has deployed a two node active-active IBM Sterling B2B Integrator (SBI) cluster in the secure zone on two servers. The customer has installed two servers in the DMZ for the purpose of installing remote SBI Perimeter Servers to facilitate communications with external partners. External partners will connect to an external IP Load Balancer that will distribute inbound FTP/S, SFTP and HTTP Client sessions across the Perimeter Servers. The customer requirement is that if any single server fails, all the other SBI nodes and remote Perimeter Server instances must continue to actively handle inbound sessions for each protocol. What is the minimum number of remote Perimeter Server instances that must be deployed in the DMZ?

- A. 2
- B. 3
- C. 4
- D. 12

Correct Answer: C

**QUESTION 4**

Which Business Process (BP) check in option must be set to enable tracking of documents to be seen in the "Current Documents" details list?

- A. Enable Transaction
- B. Document Tracking
- C. Set the Event Reporting Level to: Full
- D. Set the Document Storage to: Inherited

Correct Answer: B

QUESTION 5

A Business Process (BP) has been identified that failed due to an issue that was introduced with an external system not having a file system available. The BP has OnFault logic that traps the error and sends an email notification. The administrator has talked with the appropriate resources and confirmed the issue has been resolved so all future processing works as desired. To reprocess the failed BP, which two actions must be executed for each of the failed instances? (Choose two.)

- A. Restart
- B. Resume
- C. Advanced Restart
- D. Terminate and Resubmit
- E. Interrupt and Resubmit

Correct Answer: AC
