During the process discovery and documentation phase, a BPM application developer is trying to understand if a process is unstructured or structured. Which of the following characteristics should the BPM application developer consider? (Choose 3)

- A. How predictable the process is.
- B. How well documented the process is.
- C. Are some activities in the process optional?
- D. What is the scope and complexity of the process?
- E. The value that the process represents to the core business.
- F. Are the process participants able to choose activities during execution?

Correct Answer: BDE

### QUESTION 4

A BPM application developer needs to create a custom report for a set of job applications to support the hiring request process. The process owner is the hiring manager. The custom report must show up as a tab at the top of the process portal, and it can only be accessed by the human resources managers team.

How must the BPM application developer configure the coach to satisfy this requirement?

- A. Set the "Expose As" field to URL.
- B. Set the "Expose As" field to Dashboard.

C. Set the "Expose As" field to Startable Service

D. Set the "Expose As" field as Custom Report.

Correct Answer: C

---

#### QUESTION 5

A company that operates in multiple countries plans to build a human resources process that needs to support multiple languages. The BPM Application developer assigned to the project knows that it will be necessary to create a localization

resource in the process application that will contain a set of localization keys, the list of languages to support and translations in each language for each key.

In addition to the coach view label, which of the following components of the process application can the BPM application developer configure to support multiple languages?

A. Team name, process instance name, and coach view hover help.

B. Team name, task subject, and coach view configuration option label.

C. Process instance name, task subject, and coach view configuration option label.

D. Coach view hover help, coach view configuration option group field, and coach view configuration option label.

Correct Answer: D
