QUESTION 1

What best describes DevOps?

- A. None of these
- B. A pioneer in education
- C. An organizational culture where developers and operations are working in harmony
- D. The practice of developing optimal work practices

Correct Answer: C

DevOps is a cultural movement that helps facilitate continuous integration concepts by bringing Dev and Ops into harmony, where they may have been separate previously.

QUESTION 2

You need to automate the deployment of 20 base Jenkins masters. For this, you set the system property `jenkins.install.runSetupWizard` to the Value "false". Which is TRUE about your Jenkins masters?

- A. No default administrator account is created; you have to configure security manually.
- B. A default administrator account is created with username "admin" and password "ad"
- C. A default administrator account is created with username "admin" and password from the file `JENKINS_HOME/secrets/initialAdminPassword`
- D. A default administrator account is created and you cannot re-enable security.

Correct Answer: A

QUESTION 3

Where is the `initialAdminPassword` stored on the system?

- A. `/tmp/Jenkins/`
- B. `/var/lib/jenkins/secrets/`
- C. `/usr/lib/jenkins/password/`
- D. `/opt/jenkins/`

Correct Answer: B

The `initialAdminPassword` file, referenced in the Install Wizard, is stored in `/var/lib/jenkins/secrets/`.

QUESTION 4

What's a big priority of continuous integration?

- A. Automate only when necessary
- B. Making sure a manager approves every line of code
- C. Fixing broken builds Making sure everyone gets to contribute the exact same amount

Correct Answer: C

When a build breaks, fixing it should be the priority of everyone on the project

QUESTION 5

What's a benefit of a clean checkout over an incremental update?

- A. It ensures the working directory is clean and not tampered with
- B. None of these
- C. It's faster
- D. It ensures there are no mistakes

Correct Answer: A

A user, or previous build, could create or change a file in a workspace which could cause problems with future builds.
