QUESTION 1

What is the proper process for an Apex Unit Test

- A. Query for test data using SeeAllData = true. Call the method being tested. Verify that the results are correct.
- B. Query for test data using SeeAllData = true. Execute runAllTests(). Verify that the results are correct.
- C. Create data for testing. Execute runAllTests(). Verify that the results are correct.
- D. Create data for testing. Call the method being tested. Verify that the results are correct.

Correct Answer: D

QUESTION 2

Which actions can a developer perform using the Schema Builder? Choose 2 answers

- A. Create a custom field and automatically add it to an existing page layout.
- B. Create a view containing only standard and system objects.
- C. Create a custom object and define a lookup relationship on that object
- D. Create a view of objects and relationships without fields

Correct Answer: BC

QUESTION 3

Which two strategies should a developer use to avoid hitting governor limits when developing in a multi-tenant environment? (Choose two.)

- A. Use collections to store all fields from a related object and not just minimally required fields.
- B. Use methods from the "Limits" class to monitor governor limits.
- C. Use SOQL for loops to iterate data retrieved from queries that return a high number of rows.
- D. Use variables within Apex classes to store large amounts of data.

Correct Answer: BC

QUESTION 4

Which aspect of Apex programming is limited due to multitenancy?

- A. The number of active Apex classes

- B. The number of methods in an Apex Class
- C. The number of records processed in a loop
- D. The number of records returned from database queries

Correct Answer: D

QUESTION 5

In a single record, a user selects multiple values from a multi-select picklist. How are the selected values represented in Apex?

- A. As a String with each value separated by a comma
- B. As a Set with each value as an element in the set
- C. As a String with each value separated by a semicolon
- D. As a List with each value as an element in the list Previous

Correct Answer: C
