Correct Answer: D

QUESTION 3

What is a definitional rule?

- A. A representation of the operational knowledge of the organization
- B. An obligation or prohibition of conduct, action, practice, or procedure
- C. A rule that can be violated
- D. A representation of the behavior of people

Correct Answer: A

Definitional rules shape concepts, or produce knowledge or information.

They indicate something that is necessarily true (or untrue) about some concept, thereby supplementing its definition. In contrast to behavioural rules, which are about the behaviour of people, definitional rules represent

operational knowledge of the organization.

An example of a definitional rule is:

A customer must be considered a Preferred Customer if they place more than 10 orders per month.
