The screenshot shows the HPE OneView interface. On the left, a list of server profile templates includes 'esx 3 based', 'ESX BL460c Gen10 template' (selected), and 'HYPERV TEMPLATE'. The main area displays the 'ESX BL460c Gen10 template' with a status of 'Update Completed 1s'. Below this, the 'Connections' section is expanded, showing a table of network connections. The table has columns for ID, Name, Network, Port, and Boot. Connection 1 is expanded, showing details for the 'management' network, including a pending assignment for the interconnect, Ethernet type, pending MAC address, and a requested bandwidth of 2.5 Gb/s. Connections 2, 3, and 4 are also listed, all with 'Not bootable' status.
