QUESTION 5

Which statement indicates that a customer could be a good fit for an Aruba location-based solution?

- A. "Our apps are a big part of our businesses, but our production rate is starting to slow down as we hire new developers that just are not familiar with our development tools."
- B. "We are a large business with lots of remote offices. We need to ensure all the network services that we provide in our main campus are available in these other locations as well."
- C. "We have many different branch sites, and we need an easier way to apply consistent and appropriate security policies to employees and users at every location across our network."
- D. "We often launch marketing campaigns in different areas of our stores, but we don't have a way to determine how successful these promotions are and if they draw in customers."

Correct Answer: D
