QUESTION 3

Planning horizons are important because they allow an organization to:

- A. Support a structured response supported by all levels of the organization
- B. Sense and respond to their changing environment
- C. Ensure senior management is informed and engaged
- D. Allow management guidance for decision making

Correct Answer: B

In constant and rapidly changing environments, organizations are required to be able to sense and respond to local opportunities and problems without the need to involve the whole organization, while also looking forward at emerging threats and opportunities. These planning horizons provide a framework for the shift in focus that occurs when moving

between understanding the long-term strategic needs of the organization and the immediate needs of a customer.

QUESTION 4

All team members participate at a review of their delivery process for the past 2 weeks. They consider issues, both pro and con, that influenced how much the team got done, as well as what they can do to make that better. This meeting is an example of the principle:

- A. Understand what is doable
- B. Iteration and progression
- C. Avoid Waste
- D. Stimulate collaboration and continuous improvement

Correct Answer: A
