### QUESTION 1

Select the word that is most nearly the same in meaning as the word in capital letters. BENIGN

- A. cunning
- B. harmless
- C. graceful
- D. sensible

Correct Answer: B

---

### QUESTION 2

The author's main purpose in this passage is to: A. dispute a popular historical myth.

1 In 18th century France, the masses  
2 suffered greatly and ate poorly. The main  
3 staple of the common diet was bread, and half  
4 of the paltry income of the regular French  
5 citizen was dedicated to acquiring this simple  
6 commodity. As crops failed, shortages  
7 occurred, compounding the suffering of the  
8 poor. But while the common people suffered in  
9 the streets, the privileged classes, cloistered  
10 away in opulent mansions, ate and drank  
11 luxuriously in their private worlds of wealth  
12 and pleasure.

13 The stark inequalities of the era did not  
14 escape the notice of the poor, and a smoldering  
15 resentment built among them, later to be  
16 expressed in a conflagration of violence and  
17 rebellion. Indeed, the lavish lifestyles of the  
18 aristocracy may have had even more to do  
19 with the coming of revolution than the  
20 troubles of the peasantry.

21 Upon hearing of the agonies of the  
22 people, that they had "no bread to eat," Marie  
23 Antoinette, then Dauphine and later Queen of  
24 France, is reputed to have replied, "Let them  
25 eat cake!" The utterance acquired a great  
26 symbolic importance in the aftermath of the  
27 French Revolution, when historians used it to  
28 illustrate the ignorance and indifference of the

29 upper classes to the suffering of the poor. The  
30 story expressed the feelings of the people,  
31 spoke clearly and powerfully to the sentiment  
32 of the time, and agreed with the judgment of  
33 the Revolutionary Tribunal that the Dauphine  
34 was a traitor to the people – a judgment which  
35 would lead her to the guillotine. It is an  
36 excellent tale, but it does have one minor flaw:  
37 it is almost certainly not true.

38 It is, at the very least, a misattribution,  
39 but very likely a total fabrication. It appeared  
40 first in *Confessions*, the autobiography of Jean-  
41 Jacques Rousseau, attributed only to a "great  
42 princess." Rousseau's *Confessions* was not  
43 noted for its reliability, and even if we take the  
44 tale to be true, it would almost certainly have  
45 been written while Marie Antoinette was still  
46 only a small child.

47 Alas, a good story's survival rarely rests  
48 on whether or not it actually happened. This  
49 tale has survived the Queen as one of the most  
50 widely acknowledged "facts" of her life, and it  
51 is likely to persist, marching down into history,  
52 bearing with it the spirit of an age – and  
53 followed always by a chorus of historical  
54 pedants, chanting persistently, "But of course,  
55 it isn't true."

B. tell an exciting story about revolutionary France.

C. persuade the reader that Marie Antoinette was actually a kind and generous person.

D. describe how false stories begin and are spread.

Correct Answer: A

### QUESTION 3

If  $x + y$  is divisible by 9, which of the following expressions MUST also be divisible by 9?

A.  $2x + 2y$

B.  $x/y + 9$

C.  $(9x) + y$

D.  $xy + 9$

Correct Answer: A

#### QUESTION 4

Use the coordinate grid to answer the question.

What are the coordinates of point K in the figure above?

A. (5,5)

B. (5,3)

C. (3, 5)

D. (3, 1)

Correct Answer: C

#### QUESTION 5

The graph below shows the water level in four different ponds over a period of 9 years.

Which pond's water level changed the most during the 9-year period?

- A. Pond 1
- B. Pond 2
- C. Pond 3
- D. Pond 4

Correct Answer: B
