Correct Answer: B

---

#### QUESTION 2

Peter works at the company Midwest Insurance. His manager, Linda, asks him to send the terms and conditions for a life insurance policy to Rachel, a client. Who determines the value of the information in the insurance terms and conditions document?

- A. The recipient, Rachel
- B. The person who drafted the insurance terms and conditions
- C. The manager, Linda
- D. The sender, Peter

Correct Answer: A

---

#### QUESTION 3

What do employees need to know to report a security incident?

- A. How to report an incident and to whom.
- B. Whether the incident has occurred before and what was the resulting damage.
- C. The measures that should have been taken to prevent the incident in the first place.
- D. Who is responsible for the incident and whether it was intentional.

Correct Answer: A

---

#### QUESTION 4

Who is accountable to classify information assets?

- A. the CEO

- B. the CISO
- C. the Information Security Team
- D. the asset owner

Correct Answer: D

---

#### QUESTION 5

Why is compliance important for the reliability of the information?

- A. Compliance is another word for reliability. So, if a company indicates that it is compliant, it means that the information is managed properly.
- B. By meeting the legislative requirements and the regulations of both the government and internal management, an organization shows that it manages its information in a sound manner.
- C. When an organization employs a standard such as the ISO/IEC 27002 and uses it everywhere, it is compliant and therefore it guarantees the reliability of its information.
- D. When an organization is compliant, it meets the requirements of privacy legislation and, in doing so, protects the reliability of its information.

Correct Answer: B
