QUESTION 1

What is the maximum number of hard drives supported with RSTe provided the correct number of ports is available on the motherboard?

- A. 4
- B. 8
- C. 32
- D. 64

Correct Answer: C

QUESTION 2

You are educating your customer on the benefits of server management as a way of adding value and revenue to their business. You are now discussing how accessing a customer's server remotely can save both time and money, and potentially generate an income stream for the business. You have given advice on the different tools used for getting all of the events from a managed Intel server. Are there any tools in the list below that do NOT allow the SEL to be read remotely?

- A. You cannot read the SEL through the Intel Active system console
- B. You cannot read the SEL through the CmdTool2
- C. You cannot read the SEL through the IPMI Tool/IPMI Utility
- D. You cannot read the SEL through the BMC web-GUI

Correct Answer: B

QUESTION 3

What is the maximum number of hard drives supported with the ESRT2 on the C600 family chipsets, provided the correct number of ports is available on the motherboard?

- A. 4
- B. 8
- C. 32
- D. 64

Correct Answer: B

QUESTION 4

As an Intel Server Specialist, you need to advise your customer on a proposed server configuration; your customer would like to know what the differences are between the Intel Server Board S2600WT2 and the Intel Server Board S2600WTT. How would you answer from the list below?

- A. More powerful CPU support
- B. More memory is supported
- C. MorePCIe devices support
- D. 2U chassis support
- E. 2 Integrated 10Gb ports

Correct Answer: E

QUESTION 5

As an Intel Server Specialist you are being asked to list some of the benefits of the IPMI solution as used in the IPDC environment. Please select one of the following.

- A. Serial over LAN for system remote console access
- B. Remote management via LAN: Remote power on/off/reset, read SEL, Sensor status (system health)
- C. SNMP traps (LAN alerts) and Platform Event Filtering
- D. Asset management and Server Unit location identification (through FRU information)
- E. All of the above

Correct Answer: E
