QUESTION 1

Site A is configured with a WLAN and a policy. The administrator creates a configuration template at the organization level with additional policies for the same WLAN and mentions Site A in this template. In this scenario, which statement is correct?

A. The policy that is created in the config template at the organization level will execute first.

B. The policy created at the organization level can be applied to a site group, not to an individual site.

C. The policy that is created at the site level will execute first.

D. There is no option to mention the site in the config template at the organization level.

Correct Answer: A
