QUESTION 5

DRAG DROP

You are a Dynamics 365 for Finance and Operations system administrator.

Users have been creating advanced queries for filter data on forms. They want to be able to save the filter data for later use and access those views when they log in.

You need to instruct them in how to do this.

Which four actions should end users perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Select and Place:

Select the saved query	
Click Save as filter	
Click Configure	
Filer the data in the grid via the advanced filter	
Right-click and select Personalize this form	
Click Options, and then select Add to workspace	
Select the workspace and presentation	
Add the All Customers form to favorites	

Correct Answer:

Select the saved query	Filer the data in the grid via the advanced filter
Click Save as filter	Click Options, and then select Add to workspace
	Select the workspace and presentation
	Click Configure
Right-click and select Personalize this form	
Add the All Customers form to favorites
