Correct Answer: B

QUESTION 4

A manufacturing company uses time and attendance in Dynamics 365 Supply Chain Management.

An employee discovers an error after a time and attendance record is approved and transferred. The payroll transfer has not been run. However, the time has been posted against the production order.

You need to reverse the transferred registrations.

What happens to the production order time posting?

- A. The Production Report as Finished journal is posted.
- B. Transactions are offset and neutralized.
- C. Negative values are offset through manual posting.
- D. The production order is ended.

Correct Answer: B

Time and attendance, reversing transferred registrations The task of reversing transactions ?rolling them back ?can be done until the time when the payroll period\'s pay transfer is run. This means that payroll data has been transferred to an external file. When reversed, all registrations are withdrawn, and any transactions posted on production orders or projects are offset and neutralized.
