QUESTION 1

Customers must be able to browse products from two specific vendors. You need to add these products from these vendors to the online store. What should you do?

- A. Add the products from both vendors to the product catalog. Then, publish the product catalog to the online channel.
- B. Create new categories in the existing retail product hierarchy. Then, add the products to the categories you created.
- C. Create new product categories in the existing retail navigation hierarchy. Then, add the products to the categories you created.
- D. Add the products to the retail product hierarchy and publish to the online store.

Correct Answer: D

QUESTION 2

You are designing an end-of-day statement for a retailer.

You need to list one payment line for each point of sale (POS) register, and one line for each staff member's hours during a business day.

Which method should you specify?

- A. POS terminal
- B. total
- C. staff
- D. shift

Correct Answer: C

Reference: <https://docs.microsoft.com/en-us/dynamics365/unified-operations/retail/retail-statements>

QUESTION 3

Your reporting policy requires you to post one statement per day for your retail stores and monitor the real-time inventory on the Cloud point of sale (POS) register throughout your business day.

You need to schedule the appropriate batch jobs to meet your reporting requirements.

Which two batch jobs should you schedule? Each correct answer presents a complete solution.

- A. post statement
- B. channel transaction
- C. channel configuration

D. post inventory

Correct Answer: AD

QUESTION 4

You plan to implement installment billing.

Which two payment processing options can you use? Each correct answer presents a complete solution.

- A. When the customer uses an on-account payment type, the payment is added to the customer's balance.
- B. Authorization cannot be handled manually for installment billing transactions.
- C. When a credit card is used as a payment, the processor submits payments for authorization and settlement.
- D. Installment payments can be processed up to three business days after they are due.

Correct Answer: AC

Reference: <https://docs.microsoft.com/en-us/dynamicsax-2012/appuser-itpro/work-with-installment-billing>

QUESTION 5

Which two prerequisites are required to configure full text search? Each correct answer presents part of the solution.

- A. Define criteria.
- B. Define the search parameters.
- C. Enable full text in the call center parameters.
- D. Enable order completion.

Correct Answer: AB
