QUESTION 1

Your network contains an Active Directory domain.

You deploy an Azure AD tenant.

Another administrator configures the domain to synchronize to Azure AD.

You discover that 10 user accounts in an organizational unit (OU) are NOT synchronized to Azure AD. All the other user accounts synchronized successfully.

You review Azure AD Connect Health and discover that all the user account synchronizations completed successfully.

You need to ensure that the 10 user accounts are synchronized to Azure AD.

Solution: From the Synchronization Rules Editor, you create a new outbound synchronization rule.

Does this meet the goal?

A. Yes

B. No

Correct Answer: B

The question states that "all the user account synchronizations completed successfully". Therefore, the synchronization rule is configured correctly. It is likely that the 10 user accounts are being excluded from the synchronization cycle by a

filtering rule.

QUESTION 2

You have Windows 10 devices that are managed by using Microsoft Endpoint Manager.

You need to configure the security settings in Microsoft Edge.

What should you create in Microsoft Endpoint Manager?

A. an app configuration policy

B. an app

C. a device configuration profile

D. a device compliance policy

Correct Answer: C

Reference: https://docs.microsoft.com/en-us/deployedge/configure-edge-with-intune

QUESTION 3

You have a Microsoft 365 E5 subscription.

You need to identify which users accessed Microsoft Office 365 from anonymous IP addresses during the last seven days.

What should you do?

A. From the Cloud App Security admin center, select Users and accounts.

B. From the Microsoft 365 security center, view the Threat tracker.

C. From the Microsoft 365 admin center, view the Security and compliance report.

D. From the Azure Active Directory admin center, view the Risky sign-ins report.

Correct Answer: A

QUESTION 4

You have a Microsoft 365 subscription.

You configure a data loss prevention (DLP) policy.

You discover that users are incorrectly marking content as false positive and bypassing the DLP policy.

You need to prevent the users from bypassing the DLP policy.

What should you configure?

A. actions

B. incident reports

C. exceptions

D. user overrides

Correct Answer: D

A DLP policy can be configured to allow users to override a policy tip and report a false positive.

You can educate your users about DLP policies and help them remain compliant without blocking their work. For example, if a user tries to share a document containing sensitive information, a DLP policy can both send them an email

notification and show them a policy tip in the context of the document library that allows them to override the policy if they have a business justification. The same policy tips also appear in Outlook on the web, Outlook, Excel, PowerPoint, and

Word.

If you find that users are incorrectly marking content as false positive and bypassing the DLP policy, you can configure the policy to not allow user overrides.

QUESTION 5

You have a Microsoft 365 E5 subscription.

Your company s Microsoft Secure Score recommends the actions shown in the following exhibit.

Microsoft Secure Score

	Rank	Recommended action	Score impact	Points achieved	Status
☐	1	Require multifactor authentication for administrative roles	+4.15%	0/10	○ To address
☐	2	Ensure all users can complete multifactor authentication	+3.73%	0/9	○ To address
☐	3	Create Safe Links policies for email messages	+3.73%	0/9	○ To address
☐	4	Enable policy to block legacy authentication	+3.32%	0/8	○ To address
☐	5	Turn on Safe Attachments in block mode	+3.32%	0/8	○ To address
☐	6	Ensure that intelligence for impersonation protection is enabled	+3.32%	0/8	○ To address
☐	7	Move messages that are detected as impersonated users by mailbox intelligence	+3.32%	0/8	○ To address
☐	8	Enable impersonated domain protection	+3.32%	0/8	○ To address

You select Create Safe Links policies for email messages and change Status to Risk accepted in the Status and action plan settings. How does the change affect the Secure Score?

A. remains the same

B. increases by 1 point

C. increases by 9 points

D. decreases by 1 point

E. decreases by 9 points

Correct Answer: A
